

April 2021 Live RED Report

Live RED Staff Award

Congratulations to Mrs. Heather Snell for being selected as the Live RED recipient for the month of April!

"I would like to nominate Heather Snell. Mrs. Snell is a team player and a leader! She is always willing to go above and beyond to help students and staff alike. She's always willing to take on extra duties and help any way the school needs her too. Her lessons are engaging, and students have fun in her class, especially when they read *The Outsiders!* She inspires her students to become better writers, to believe in themselves, and they've even been known to request dress up spirit days that go along with their current novels. Students and staff respect and trust Mrs. Snell and respect and trust are the highest honors in a school system."

Family First/Cardinal Connection

Family First is working in partnership with Livingston's Village to provide Kindergarten Readiness Backpacks. These backpacks will be designed to help equip parents with the needed resources and information to prepare our newest students for an exciting and successful beginning.

Cardinal Connection had a great turn out for 8th grade Operation Preparation and High School College and Career Fair. Students were able to ask questions about a variety of fields they are interested in for the future and get information about how to pursue their dreams. In April, in partnership with UK Extension, Cardinal Connection will host Truth & Consequences for 9th grade students, Reality Store for 7th grade, and 10th grade Operation Preparation. We want to say a special thank you to all of our community members who make these programs possible.

South Livingston

Mr. Josh Johnson guided SLES students through a trivia contest throughout the month of March as a way to celebrate Music In Our Schools Month, and it brought great success. Mr. Johnson made appearances on the WSLE morning news each morning and asked questions, some with video or audio clues, collected students' answers, and even handed out prizes. What an awesome way to kindle a love for learning about music and the arts.

SLES recognizes students who exemplify the Character Word of the Month. Staff members can nominate students they think demonstrate that quality. One K-2nd grader and one 3rd-5th grader receive a reward for their selection as the Character Word of the Month. March's word was Kindness. 2nd grader Amelia Malston and 5th grader Westyn Gordon were chosen for the award. The Character Word for April is Responsibility.

Congratulations to the SLES March Students of the Month:
K: Brylee Bryan 1: Ariana Mohammed 2: Keenan Boone
3: Carson Lady 4: Dulce Lopez Cotera 5: Chloe McGregor

After winning the District Championship, the SLES Governor's Cup/Academic Team finished 3rd Place at Regionals. The team was celebrated with a dinner at the school. Team members and their families were treated to a catered meal and got to watch a video of the Academic Team members being allowed to run the halls as the rest of the student body cheered them on. Coaches Stacey Turner and Traci Goss handed out medals and plaques to the team and shared some of their favorite memories of the season with the guests. The team was also honored that Interim Superintendent Darryl Chittenden, Director of Pupil Personnel Amy Ramage, School Board Chair Christine Thompson, and Board members David Kitchens, Tammy Sayle, and Terry Watson were able to join in celebrating the success of these future leaders.

North Livingston

LCMS

Livingston County Middle School Students of the Month

Accelerated Reader Points Leaders

- 6th Grade-Jada Scheer 443 and Jenna Scheer 411.4
- 7th Grade-Bella Freeman 119.4
- 8th Grade-Molly Kitsmiller 276.6

LCHS

The Allied Health Program has been busy! The body structures & functions class completed chicken wing dissections to learn more about the skeletal and muscular system and how they work together. Ms. Wood & Mr. Ross joined us in the classroom and loved the student's enthusiasm!

Emergency Procedures class has been studying about different types of wounds and burns as well as the emergency treatment for them. Ms. Hosick was a guest speaker in class and shared her

husband's life-threatening burn injury experience with us from the perspective of the patient & their family. Thank you Rita! Later, we created simulated wounds and burns and practiced how to treat them. The students got a big kick out of surprising people with their "wounds". We even had a visit from Nurse Kari!
