District News

Family First/ Cardinal Connection

The Community School Supply Drive has been a huge success. The parents and teachers are appreciative of all of the supplies that have been donated for the kids. Of the approximately \$32,000 in supplies needed, over \$19,000 in both monetary and item donations has been collected. There are still donations coming in on a daily basis.

North Livingston

NLES would like to welcome 3 new team members!

Alison Epperson: PE Teacher

Dawn Garvin: PK teacher

Julie Millikan: Guidance/Interventions

On Monday, August 5th, NLES hosted an Open House. There was a great turnout and it was nice to welcome back all of the scholars for a new school year.

North Star Academy (NSA)

NSA will begin Tuesday, September 3rd

There will be no AM programming.

Registration forms are available on request.

Please contact Tina Lawless, Site Coordinator for any questions regarding the NSA Program.

Livingston County Middle School

On Tuesday, August 6th LCMS hosted their Open House for all middle school students. It was great to have the students back in the building! They are looking forward to a great year ahead.

The LCMS baseball, softball, and cross country teams have already been working hard to prepare for their upcoming seasons. The softball team hosted their annual Battle of the Bats tournament on August 3rd and came in second place. They also had games on August 6th and 10th. The baseball team began play on August 6th and played again on August 10th. Cross Country opens their season August 24th at Fulton County. Good luck to all of our fall athletes!

LCMS cheerleaders attended UCA cheer camp July 18-20. The girls worked hard learning a lot of new material for the upcoming season and competed against 5 other small squad middle schools on the final day. They were nervous and really didn't want to participate after they fell during a stunt when practicing just half an hour before the final performance. They pulled themselves together and came in 1st place for floor cheer and 2nd place in both sideline and dance. They also won a spirit stick each day for showing spirit and enthusiasm.

South Livingston

Livingston Central High School

Students have been working on their personalized parking spots and they are looking amazing.

This year so far there have been 13 participants of the senior class to paint their spot and dedicate it to their senior year! Former spots that have not been chosen will remain, as we love seeing all the different designs even from the year before. Seniors can however, still choose to paint a spot of a former senior or a different parking space. To do this, seniors must meet with Mrs. Bowles in the visual arts department, get their design approved, and pay \$50 for the fundraiser. This fee does include the \$10 fee for the parking permit tag and reserves this spot for the senior all year. Seniors must get their own paint for the spot, as each design varies and students want specific color schemes. Mrs. Bowles spent 2 days

July 31st and August 1st with students priming, painting, and drawing design compositions. Great memories, lots of work and sweat, and plenty of laughs kept them going! Ms. Bowles loves her students at LCHS and wants to celebrate them, support them, and see them succeed not just here in high school, but in society and the community. We are small but we are mighty!

Livingston Central FFA along with 8 other chapters competed in the first annual UK Field Scouting Competition in Princeton on Tuesday. The team evaluated corn and soybeans for diseases, insects, and weeds as well as the growth stages of the crops and sprayer calibration. Team members were Emma Rittenberry, Lexi Jones, Kenzi Jones, Robert Schmitt, Trey Debes, Jordan Howell, and Tyler Calender. We did not win but gained a wealth of knowledge.
