

NOTICE:
LIVINGSTON COUNTY SCHOOLS ALL STAFF

The special payroll for December's onetime payment, unknowingly contained first & last names with social security numbers of staff. This file was posted on the web (by the Superintendent), as part of January's Board Agenda. As the meeting was cancelled due to inclement weather, the same information was used as a template for the Special Called Board Meeting, which took place a week later. The inadvertent file information was brought to the Superintendent's attention on the morning of Feb. 9th. This information was immediately removed from public view. Notice was provided via email to all persons of concern, with additional efforts made to reach those w/o email.

In continued efforts to mitigate the data breach, policy and procedures have been followed, and will continue to be followed.

Although the district is not required to provide any long-term resolution, we feel morally obligated to provide credit protection over-and-above, the basic Credit Bureau Services. It is the intent of the district to cover the monthly cost of IDShield for all impacted staff for a minimum of one year.

If you have further questions/concerns:
